#IN BRIEF

---

3 minute summary: https://www.youtube.com/watch?v=9itWsqzFMVo

Summary image: http://sli.mg/zYCBXp

Comet Pizza is a pizza place owned by James Alefantis, who is the former gay boyfriend of David Brock, the CEO of Correct The Record. It has been the venue for dozens of events for the Hillary campaign staff. John Podesta has had campaign fundraisers there for both Barack Obama and Hillary Clinton. John's brother and business partner Tony Podesta has his birthday party there every year.

https://i.sli.mg/1MqPHA.png

It's also a dive that according to reviews and photos has hidden bathroom doors and creepy murals. The bathrooms in particular have murals exclusively of nude women, as well as a great deal of graffiti relating to sex. Reviews of the restaurant are bizarrely polarized. Websites describing it positively note that there are regularly "unsupervised children running around". Their menu include a pedophilic symbol, as do the signs and decorations of other neighboring businesses.

https://i.sli.mg/7hr0h9.jpg

The music acts and the posters promoting same acts are bizarre in their presentation, content, and lyrical focus, but are still promoted as being "for all ages". The overtly sexual content would suggest otherwise.

The same has taken place in reference to videos recorded inside Comet Ping Pong by people that frequent their establishment as well as video referencing Comet Ping Pong positively from the exterior.

While initially not the central focus of the investigation at the onset, Comet Ping Pong is a much more overt and much more disturbing hub of coincidences. Everyone associated with the business is making semi-overt, semi-tongue-in-cheek, and semi-sarcastic inferences towards sex with minors. The artists that work for and with the business also generate nothing but cultish imagery of disembodiment, blood, beheadings, sex, and of course pizza.

#James Alefantis' instagram late 11/5/16. by morning of 11/7/16 it was set to private.

We recently found the instagram account of James Alefantis. The contents of it are indescribably bizarre and the contexts of the posts and comment chains are weird. Alefantis does not have any children nor do his closest associates, but the photos seem to be a near constant assortment of different children of a variety of ages, intermingled between posts about gay bars, clubs, photos of common rape drugs, and piles of foreign currency. After it being trawled through for 24 hours it has been set to private. A large set of archived copies can be seen here in the next section. Similarly the instagram and twitter accounts of Comet Ping Pong are being edited selectively. The accounts of the people favoriting and commenting on these posts are equally bizarre in both content, context, and demeanor.

#Arun Rao

A guy named ARUN RAO was caught liking a bunch of James Alefantis's creepy toddler insta posts.

Guess what area Arun Rao's actual job is?
ASSISTANT US ATTORNEY, DOJ
Supervisor of the Southern Division office for the DOJ's DISTRICT OF MARYLAND.

Comet Pizza is technically in Washington DC, but is practically on the border of Chevy Chase, Maryland, which is Rao's jurisdiction.

GUESS WHAT SORT OF CRIMES HIS OFFICE IS RESPONSIBLE FOR PROSECUTING

https://i.sli.mg/bqusSP.png

>Violent crime prosecution priorities in Greenbelt include using FEDERAL RACKETEERING, CONSPIRACY and firearms statutes to disrupt violent gangs and reduce gang activity. The scope of these gang prosecutions ranges from local to national and INTERNATIONAL.

>Greenbelt prosecutors also investigate and prosecute SIGNIFICANT PUBLIC CORRUPTION AND FRAUD CASES. Public corruption cases involve state and local government officials and employees of the many federal agencies located in the Southern Division.

>Like the Major Crimes Section in Baltimore, the Greenbelt office prosecutes a wide array of other federal offenses, including **CHILD PORNOGRAPHY**, bank robberies, immigration violations, and counterfeiting.

>The Southern Division office also handles thousands of misdemeanor cases that occur on areas of exclusive federal jurisdiction such as the Baltimore-Washington Parkway, the National Institutes of Health, and MILITARY BASES."

I figured out who some of the kids that James Alefantis posts about are. The photos with identical children are tagged with or liked by @ccwoolman. One of those posts, her instagram profile photo, and linked in profile excerpt are included

above.

She was the Event planner for Comet Ping Pong in the time frame the instagram po sts were made (2012 i.e. 206 weeks ago). She now lives in Portland. She would be an important person to interview as a character witness for James Alefantis.

There are four other unique children amongst the photos posted that I do not kno w the identities of.

Tony Podesta, John Podesta's brother and the guy who has a "pasta" obsession acc

"very complicated video pieces" on all four walls.

Video recorded during Sasha Lord's birthday party at Comet Ping Pong. Individual with the microphone wearing a wig and ski mask is Amanda Kleinman (aka Majestic ape). Words used are very strange, video was deleted within an hour of it being found on youtube and had to be archived and reuploaded. She uploaded it a second time (as unlisted) and after a day or two switched it to private. Any remaining copies on youtube are reuploads and may or may not get taken down with DMCA notices.

Here's Kleinman in the same outfit.

https://www.indiegogo.com/projects/heavy-breathing-s-release-of-airtight#/

Backup: http://archive.is/UQOby

In the party video, Amanda Kleinman references "secret pizza". This same term comes up in the description of a film about a "private island" that was **produced by Jame Alefantis.**

>On a whim, Eve, a young Swedish traveler, accepts an invitation from Peter to vacation on his family's *private island* off the coast of New England. As a series of unexpected delays prevent other guests from arriving, Eve discovers that she has little in common with the increasingly erratic Peter. Gradually the idyllic natural beauty of the island gives way and Eve *finds herself trapped* in a state of surreality punctuated by bizarre visions, dimensional shifting and *secret pizza*.

http://www.imdb.com/title/tt4169074/plotsummary?ref_=tt_ov_pl

Amanda Kleinman's band "Heavy Breathing" has a music video that references pedophilia. Most of the "Schtick" for her band is intentionally being provocative, weird, and awkward.

position, but extremely creepy supposition.

Podesta e-mail with HRC pizza logo (Design provided by James Alefantis) says to donate to "PizzaPAC.com" registered to one JZ Drizin;

There's more on JZ Drizin here: https://www.reddit.com/r/The_Donald/comments/5bl3ny/more_research_on_comet_ping_pong_and_potential/

>Itchie gross is friends with the Drizin family, but I don't believe Joel Zev Drizin has a facebook account. The person Podesta said to donate the money in the comet ping pong pizza email was @JZDRIZIN. His latest Retweet was from @PIZZAPACKET.

>When searching his number you will get http://www.tzachlist.com/search/?t=2&location=Florida&page=12 He goes by Zev Drizin, Zalmi Drizin, but mostly Joel Zev Drizin which explains his twitter handle.

>http://www.breakout.today/the-stories/2016/2/2/sheida This article mentions Joel Zev Drizin and this lady who worked for him. Sheida Jafari worked for pizza packet and in this article it mentions work they did at the burning man occult festival if that's what you want to call it.

(follow up on the Angel of love story in a previous post so you understand) Also, Itchie gross is the same guy who DELETE

>We need to look into these people more. Remember, there were wikileaks mentioni ng to donate to pizzapac owned by the name of JZdrizin who we now know. Also, th ere were emails to Itchie gross and his wife about hawaii I believe. Feel free t o correct anything.

>On a side note, I strongly feel the Angels of love adoption story is a big deal which leads me to this...

>I saw @Itchiegross follow @AmonMunyaneza https://twitter.com/amonmunyaneza

>which raised a red flag because why is a pizza company following a Pastor? It w ouldn't be odd, but after the Angel of Love Adoption Agency Inc for haiti kids a ccount, I had to look into this.

>https://www.linkedin.com/in/amonmunyaneza his current employment says Ensicom, Africa Mission Network.

>His website on his twitter is inactive- amonmunyaneza.com

>I went to his facebook https://www.facebook.com/munyaneza which brought me to.. .

>Light Church Rwanda - Senior Pastor · Rusororo, Kigali, Rwanda. I serve the peopl e of God at this community church in the outskirts of Kigali-Rwanda. I then stum bled upon this https://www.facebook.com/AsanteMinistries

>It is with deep sadness, but new hope for the children that we must inform you that Asante Ministries International (ASANTE) will cease as a non-profit organiz ation in the next six months.

>WHAT LED TO THIS DECISION?

>• In January 2015, the ASANTE Board was informed of allegations of serious miscon duct against Mr. Amon Munyaneza, Asante's founder and former executive director. T he allegations were referred to an attorney and an independent professional inve stigator. The investigation included numerous interviews and an opportunity for Mr. Munyaneza to address the charges against him. The investigation also brought to light similar misconduct by Mr. Munyaneza, in 2009. At the conclusion of the investigation, the ASANTE Board had no choice but to terminate Mr. Munyaneza's em ployment as executive director and called upon him to relinquish all engagement with the ministry worldwide. He has not done so. Mr. Munyaneza went back to Afri ca and became the leader of the Africa partners, as Board President of Africa Mi ssion Alliance Rwanda.

>• For 18 months, the ASANTE Board has attempted to rebuild relationships with the Africa partners - Africa Mission Alliance Rwanda and Asante Ministries Uganda- to i mprove communications and program accountability. However, the board was met wit h little or no cooperation from the African partners, due to Mr. Munyaneza's influ ence.

>I didn't type the the rest of the statement out but the bottom line is the 2 co mpanies pizzapacket followed that I researched are seriously shady which leads m e to believe the emails from Podesta insisting to donate to Pizzapac is somethin g of serious concern.

However, Pizza Packet is owned by "Itchie Gross"; His wife Jane Gross has comes up several times in the podesta e-mails. A few of her e-mails are referencing tr

Pizza Packet, though a legitimate company that does deliver an actual product, doesn't seem to have a legitimate business location that can be tied to it. She is married to Benjamin Luzatto, son of Tamara Luzzato's ex husband.

There is a blog post here discussing the birth of Meave Luzzatto:
https://archive.fo/y2e56

The woman who gave birth to the 3 children being discussed was Alexandra Tydings
/Luzzatto. If you look closely at the image in the blog post, you notice a disti
nct "tribal" like tattoo on her right arm. It is literally the only picture ther
e of her.

Viewing images of Alexandra Tydings in which you can see her right arm visibly,
she has the same exact tattoo in the same exact spot:

Tamera Luzzatto is Ben's mother by law, not by blood, making her the childrens g
randmother. Benjamin Almeida Luzzatto's mother is actually Anne Luzzatto, anothe
r Clinton workhorse. You can find info about her here:

This is confirmed by the Washington Post doing a writeup on Ben's fathers death.

What does MyStateUSA\AlertSense do? According to their own website: "AlertSense offers a highly intuitive mass notification solution that simplifies alert creation & help mobilize and manage the emergency response teams."

They're the contractor that supplies early response cell-based equipment that a few dozen states **use for their AMBER ALERT systems** as well as hazardous weather and emergency preparedness update systems.

> The new system was developed by MyStateUSA, a company based in Boise, Idaho that is also involved in a 12-state pilot project with the Federal Emergency Management Agency (FEMA) to coordinate interoperability among public warning alert systems.

#Child Protective Services Investigation Ends After Suspicious Death Of Lead Investigator

---

https://archive.fo/mA7TI#selection-1075.0-1185.108

Former Georgia State Senator, Nancy Schaefer was an outspoken opponent of Child Protective Services (CPS). Schaefer authored an investigation in which, among other findings, revealed the following:
"…the separation of families is growing as a business because local governments have grown accustomed to having taxpayer dollars to balance their ever-expanding budgets.
The Adoption and the Safe Families Act, set in motion by President Bill Clinton, offered cash "bonuses" to the states for every child they adopted out of foster care. In order to receive the "adoption incentive bonuses" local child protective services need more children. They must have merchandise (children) that sell and you must have plenty of them so the buyer can choose. Some counties are known to give a $4,000 bonus for each child adopted and an additional $2,000 for a "special needs" child.
In this document, Schaefer makes it clear that organizations, such as The Second Mile, procure their underage victims by making children wards of the State. CPS has unchecked legal authority to remove children, with or without cause. Subsequently, CPS and their partners, the corrupt juvenile court judges can place these children wherever they see fit (e.g. The Franklin House, Boys Town, Elm House, The Second Mile Foundation) where unimaginable horrors take place.

Schaefer and her husband died under very mysterious circumstances at their home in Georgia in March of 2010.

#Cheesybay aka David Flintstone and the Hawaiian site

Dave Flintstone describes himself as a "poobah" in multiple profiles. The term "Grand Poobah" was used recurringly on the television show The Flintstones as the name of a high-ranking elected position in a secret society.

https://en.wikipedia.org/wiki/Grand_Poobah

"Cheesybay" is run by "Bif Skipman" and sells "faulty Hard drives" on eBay. All the reviews are GLOWING in ways that are bizarre given that he's self-reportedly

selling "junk".

Compound in Hawaii has vats/barrels with what looks like the remain of rendering processes (dissolving tissues). The residue does not look at all similar to wha t would normally be associated with distilling or byproducts of a mash.

There's weak wifi signals coming from underneath the shed that indicate there's something underneath it.

"Dave Flintstone" runs a "distillery" business at that address. David Stone/Dave Flintstone is "Bif Skipman" according to the g-mail cross authentication for bo th gmail accounts. David Stone also has used and e-mailed the same avatar photo for other pursposes. daveflintstone.com and islanddistillers.com whois lookup li sts a home address in Honolulu. An address not used on their website or associat ed with the processing facility.

a Film Maker (stage32.com) and member of the Science of Identity cult of Chris B utler, the same cult Rep. Tulsi Gabbard (D-Hawaii) was in.

E-mails dug out of the "Dave Flintstone" and "Bif Skipman" gmail accounts refere nce a "Richard Windsor" Pseudonym that Lisa P. Jackson was caught using.

She works for the Clinton Foundation. The e-mail is possibly from the Music book er at Comet Ping Pong pizza.

I looked up the property owners on Pakala through the tax assessor s office (som eone s paying tax on the property). From the old wifi post, both the property wi th the concrete pad (577 Pakala) and the wealthy property next door with the bui lding that off-the-book power lines go into (563 Pakala) are both owned by the s ame organization - B P BISHOP TRUST ESTATE - the wealthiest charity in the state worth $10B and has a 10% stake in Goldman Sachs.

In a 3 year period the estate lost an unaccounted for $241 million and operating costs increased by $19 million, maybe accounting for the underground constructi on. This was in the late 90s though, and the WiFi OP said he was doing construct ion there recently.

>...quantity of available financial information about KS/BE (the trust) is amazi ngly limited. Even the court-appointed master compared his attempts to get infor mation from these trustees to trying to get it from the CIA. The usually mild ma nnered master was "outraged" by the trustees' "specious rationale" for not prope rly disclosing vital information. He called their excuses "so pathetic as to bor der on the ludicrous."

Really recommend reading the overview of BP Bishop Trust linked in that quote, i t's plagued by scandal like everything else even tangentially associated with th e Clintons.
